RE: Interim Assignment for the Office of Police Oversight

Congratulations Cliff and thank you for accepting interim responsibilities for the Office of Police Oversight effective October 15, 2018. During this assignment, you will receive a 10% increase to your hourly rate, which will bring you to \$33 per hour.

During the interim assignment, you will continue to report to me and meet with me on a regular basis. The interim assignment is expected to last until the vacant City Attorney position is refilled. Once that position is filled, the interim assignment will expire and you will return to the classification, grade and pay you currently hold.

I appreciate your work toward the success of the City of Boise and I look forward to your continued achievement and contributions to our team.
